Summery

I would like to introduce myself as a Hsu who is passionate on design creation, problem solving, coding and travelling. I am also a native speaker and written in English. I have strong skill at HTML, CSS for frontend developing. I have an experience on both frontend, backend for web development in foreign company and also in Android Mobile application development in my university. My strength is consistency and good team player.
Now , I am looking into good environment where I can have good platform.

Education and Certificate

University of Computer Studies, Taunggyi
